FOREWORD

In cooperation with the national effort to conserve paper it has been deemed advisable by the University authorities to forego printing a University Catalogue this year. In its place, we are editing this supplement, noting changes in Faculty, Calendar and Courses. Otherwise the Catalogue as of October, 1942 still obtains.

VETERANS AT BOSTON COLLEGE

Boston College is offering every inducement to the Veteran to continue his education and complete it successfully at the earliest possible time consonant with good scholarship. Every consideration will be given to courses taken in the Army and Navy Schools and through the Armed Forces Institute. Basic Military Training and informal educational experience gathered while in the service will be evaluated according to the recommendations set down and approved by national educational associations.

A special educational adviser has been appointed to care for the individual problems of each veteran. The veteran is advised to consult him whenever he wishes.

Courses have been inaugurated to give the veteran a brief review of matter required for advanced courses or to acquaint him with the basic requirements for a successful completion of his studies.

Veterans will be admitted to these courses whenever they apply and every effort will be made to prepare them for entrance at the next opening date. Due to the accelerated program these opening dates occur frequently during the year.
